Run Install

Turbo Instant Publisher will first check your server to see if it meets the requirements. If any of the requirements is missing you will get a x icon instead of the green checkmark, so you will need to contact your host and ask them to install what is missing.

Once you get green checkmarks and no x mark, click on the button to proceed.

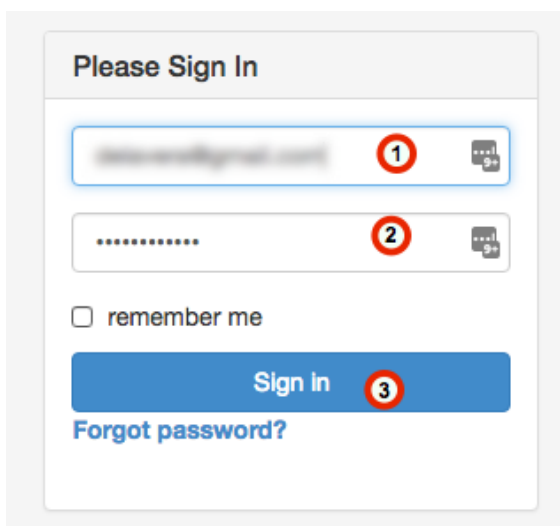

4 Create your credentials

The image shows a web form titled "Account Wizard". It contains three input fields: "Email address" (labeled 1), "Password" (labeled 2), and "Password confirm" (labeled 3). Each field has a small icon to its right. Below the fields is a blue "Submit" button (labeled 4). The form is set against a light gray background with the text "Please fill the form" at the top. At the bottom, it says "Copyright © Turbo Instant Publisher Pro v1.0.0".

- Insert your email address; that will be the email address where the password will be sent in the future if you forget it so be sure it's a good working email address.(1)
- Insert a password (2)
- Repeat the password (3)
- Click on the button to proceed (4)

5

The image shows a web form titled "Please Sign In". It contains two input fields: an email address field (labeled 1) and a password field (labeled 2). Below the fields is a checkbox labeled "remember me". At the bottom is a blue "Sign in" button (labeled 3) and a link that says "Forgot password?".

- Type in the email address you used in the previous step (1)
- Type in the password you chose in the previous step (2)
- Click on the button to proceed (3)

Once done, you will reach the Dashboard of the Turbo Instant Publisher.
It's time to open the manual and set it up.
